List of Gummy Products in the Pipeline for 4UNUTRA's Second-Half 2026 Launch

Official R&D Product Portfolio — Pilot Completed & Ready for Pre-Orders

Executive Overview

To respond to expanding market demand and enrich **4UNUTRA's** functional supplement matrix for the second half of 2026, our NPD team has officially released **15 new pipeline gummy SKUs**. All products have successfully completed formula R&D and pilot-scale production runs, and are now officially open for client inquiries, sample requests, and commercial pre-orders.

- **100% Pectin Gelling Agent:** All 15 formulations utilize premium pectin bases, ensuring 100% plant-based, vegan-friendly, and clean-label compliance for European and global markets.
- **Sugar-Free & Sugared Dual Solutions:** Key lines (Calcium, Iron, Vitamin C, Multivitamins) offer both Sugar-Free (Maltitol/Erythritol/Sorbitol) and Sugared options to cater to diverse target demographics.
- **High-Dose Actives:** Includes market-leading dosages such as Calcium up to 300mg/gummy, Iron up to 30mg/gummy, Vitamin C at 200mg/gummy, and full-spectrum Multivitamin + Multimineral complexes.
- **Flexible Packaging:** Available in bulk export boxes, PET/HDPE bottles, or standing zipper pouches.

1. Mineral Functional Gummies Series

High-potency Calcium, Iron, and Zinc gummy formulations designed for bone health, blood vitality, and immune support.
